FOREWORD

Civil Engineer Corps Officers serve throughout the world. This CEC Directory has been prepared to facilitate locating and contacting Civil Engineer Corps officers on active duty and the various activities to which they are assigned. Personnel are CAUTIONED to prevent use of the information contained in this directory for commercial or other similar purposes.

This issue of the CEC Directory cancels and supersedes the APRIL 1985 issue. The assignments and data shown are taken from Chief of Naval Personnel orders issued or approved through October 1985. In some cases orders are projected beyond this date.

The Directory is divided into three sections:

I. ALPHABETICAL LISTING AND PROFESSIONAL REGISTER:
In which the name, rank, area, duty station, and professional registration of officers are provided.

II. ACTIVITY LISTING:
In which activities are listed geographically by area code. Within each activity, the officers are listed in alphabetical order by rank. Activity telephone numbers are also provided. NMCB's are listed at their homeports. The areas and area codes are arranged in the following order:

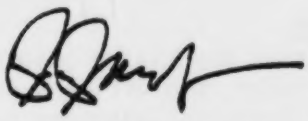
Naval District Washington, DC.....NDW
Northern Division.....ND
Atlantic Division.....AD
  Atlantic Area.....AA
  European Area.....EA
Southern Division.....SD
Western Division.....WD
Pacific Division.....PD

III. BILLET LISTING:
In which authorized billets, subspecialty codes, and language codes assigned thereto are listed by activity. Activities in this section are arranged in the same order as in Section II, except for contract administration billets which are listed with their respective Engineering Field Divisions and student billets which appear at the end of the section.

READEX FICHE best copy available

A copy of this directory is distributed to each officer included in the listing as well as certain key offices specifically designated. Data contained in the directory are printed by computer. The listings have been checked as closely as possible, but some errors may have been overlooked. To ensure an accurate and up-to-date directory, it is requested that CEC Officers on active duty review their listings and use the card from the back cover to report any changes or corrections to the Commander, Naval Facilities Engineering Command (Code 09MA). If your professional registration is not shown correctly, please submit two copies of your registration certificate to the detail office. Duty and postgraduate preference cards are also included. Postgraduate cards are due at the Naval Facilities Engineering Command by 1 July and duty cards at the Naval Military Personnel Command in December or whenever an officer's preferences change.

This publication is certified as an official publication of the Naval Facilities Engineering Command and has been reviewed and approved in accordance with Secretary of the Navy INSTRUCTION 5600.16 series.



J. P. JONES, JR.
Rear Admiral, CEC, U. S. Navy
Commander, Naval Facilities Engineering Command
and Chief of Civil Engineers

SECTION ONE

ALPHABETICAL LISTING AND PROFESSIONAL REGISTER

NOTES:

1. The two-digit Area Codes indicate the area of assignment, and are explained in the foreword.

2. The listing of officers registered as indicated below is published as part of our continuing program to encourage registration. Registration status likewise appears in block 72 of the Officer Data Card (NAVPERS 1301/51). Errors or changes in registration status should be reported by submitting a copy of the registration certificate to the Commander, Naval Military Personnel Command (NMPC-4413T). Photostats are not required, reproductions by any means are acceptable. All personnel are reminded to periodically review their personnel records on file at Naval Military Personnel Command. Listing of registration status in the P-1 does not necessarily mean that the registration certificate is filed in your official record. Officers may obtain a copy of their official record by sending a written request to Commander, Naval Military Personnel Command (NMPC-312) Navy Annex, Washington, D.C. 20370. The abbreviations used in the registration column are as follows:

PE = Registered Professional Engineer
EIT = Engineer-in-Training
RA = Registered Architect
RLS = Registered Land Surveyor
RLA = Registered Landscape Architect
PP = Registered Professional Planner

3. The registration statistics for the Civil Engineer Corps as of July 1985 are as follows:

SECTION THREE

BILLET LISTING

NOTES:

1. This section lists all currently authorized CEC billets and reflects all known billet additions/deletions/changes through April 1985.

2. Billets authorized subspecialty codes are indicated by a four digit number followed by a single letter. These subspecialty codes identify the special education, experience, and training required to satisfy billet requirements and they become an important part of the detailing process. For example, an officer possessing a Master of Science degree in Civil Engineering qualifies for an 1101P code and may therefore fill any billet possessing an 1101P or 1100P code. In the same manner, an officer possessing a Master's degree in Financial Management qualifies for an 0031P code and may fill any billet possessing a 0031P or 1100P code. The following table lists the more common subspecialty codes assigned to CEC billets:

SUBSPECIALTY CODE	NO. BILLETS REQUIRING	POSTGRADUATE DEGREE FIELD
1100D	3	FACILITIES ENG'G/EXEC/MGMT
1100P	294	FACILITIES ENG'G/EXEC MGMT
1100H	1	FACILITIES ENG'G/EXEC MGMT
1101P	209	FACILITIES ENG'G
1101H	146	FACILITIES ENG'G
1102P	3	PETROLEUM ENG'G
1103P	19	OCEAN ENGINEERING
1103H	1	OCEAN ENGINEERING
0031P	53	FINANCIAL MGMT
0031H	12	FINANCIAL MGMT
0030H	7	FINANCIAL MGMT
0042P	1	OPERATIONS ANALYSIS
0095P	3	COMPUTER SYSTEMS MANAGEMENT
0095S	2	COMPUTER SYSTEMS MANAGEMENT
TOTAL	754	

The alpha characters indicate the level of education or experience:

- D - PhD required
- P - Master's degree required
- H - Master's degree desired
- S - Significant experience required
- T - Training billet

The Manual of Navy Officer Manpower and Personnel Classifications, NAVPERS 15839, and the Manual of Total Force Manpower, OPNAVINST 1000.16E, provide additional information on subspecialty codes and billet authorizations.

3. Billets requiring language training are also indicated. Language requirement is shown in parenthesis next to the billet title. The numbers found after the activity titles in this section are unit identification code (UIC), MARP, and the 10 digit activity code respectfully.

4. Designator/Grade abbreviations used in this section are listed as follows:

OFFICER DESIGNATOR CODES

510X -- A Civil Engineer Corps Officer
653X -- A Civil Engineer Corps Limited Duty Officer
753X -- A Civil Engineer Corps Warrant Officer

BILLET GRADE CODES

D -- Rear Admiral
E -- Rear Admiral or Commodore
F -- Commodore
G -- Captain
H -- Commander
I -- Lieutenant Commander
J -- Lieutenant
K -- Lieutenant (Junior Grade)
L -- Ensign
M -- Chief Warrant Officer-4
N -- Chief Warrant Officer-3
O -- Chief Warrant Officer-2

5. CEC officer/billet status is summarized as follows:

	FLAG	CAPT	CDR	LCDR	LT	LTJG	ENS	WARRANT	TOTAL
